

FIND GUN WHICH KILLED SICILLIAN

Coroner and Deputy Sheriff Get Weapon, But Refuse to Divulge Where They Secured It.

MORE ARRESTS FOLLOW SOON?

County Officer Intimates That There Were Others Responsible for Murder Besides Hiarenza.

The gun which shot four times in the shoe repair shop of Sam Scire at 1229 Seventh avenue last Saturday morning, and which sent three bullets into the body of the proprietor of the place, is in the possession of Coroner H. C. Meyer. It was found this morning by the coroner and Deputy Sheriff Jack Murray.

There will be more arrests made. This was practically assured in an interview with the coroner.

"Is there anybody else besides Hiarenza responsible for the crime?" the coroner was asked.

"I don't care to talk about that," the coroner replied.

But there will be more arrests, won't there?"

"I will neither affirm or deny that," the coroner answered.

"Do you know the motive?"

"I do, but we can't say anything as yet. You'll have to wait for developments."

Found Outside.

The coroner refused to tell where the gun was secured. Two more shells were found which had been used in the gun. The weapon was an A. & A. of 12-caliber.

The coroner stated that the officials were hearing more and more each day regarding the crime and that before long everything regarding the murder, including the motive, would be unraveled.

Family Trouble Cause?

It was learned this afternoon that the officials have spent no little time working on the theory that family troubles originating in Sicily prompted the murder of Scire. Sam Amato, 1307 Fifth and a half avenue, a brother-in-law of Hiarenza, was taken to the state's attorneys' office this morning

and questioned relative to this. It was announced by officials, however, that they learned nothing from Amato that would throw any light on this theory.

It was also learned this afternoon that the revolver and two shells which the coroner announced he had found this morning, were located in Hiarenza's room. Hiarenza when he confessed to the police, told them he did not know where he put the gun but said he threw it away while making his escape from the shoe repair shop.

AIDS ROAD FROM PEORIA TO JOLIET

Governor Dunne Attends Meeting of Highway Boosters and Helps Open LaSalle Hotel.

LaSalle, Ill., Sept. 17.—Governor Dunne gave his support to the Joliet-Peoria highway project at a gathering of good roads boosters here last night. Delegates from every city and village in the Illinois valley were in attendance and promised their aid in establishing a highway through the valley.

The project gives promise of extending itself to Chicago, and representatives of various Chicago associations were in attendance. The governor was the guest of honor at a dinner given to the good roads men.

The governor participated in formalities attendant on the opening of LaSalle's new \$350,000 hotel. He was the first to sign the register. Last night's dinner was the first meal served.

ELOPER WILL FACE A SERIOUS CHARGE

Tom Sadler, aged 27, waiter and former driver of a Salvation Army wagon at Cedar Rapids, who was arrested Tuesday in Davenport, was returned to Cedar Rapids yesterday, where he will face a charge of enticing a young girl.

Sadler eloped to Davenport with Miss Rita Richards, aged 14. The pair were taken near the Rock Island station, following a complaint of the girl's mother, who wired the Davenport police. A revolver, fully loaded, and an old marriage license filled in with their names was found on Sadler.

ELKS WILL GIVE A MINSTREL SHOW

Members of Moline Lodge Plan to Offer Theatrical Attraction Thanksgiving Week.

LOCAL TALENT WILL APPEAR

John J. Faulkner of St. Louis Secured for Speaker at Memorial Services in December.

Elks of Moline have practically completed negotiations to have Miller and Draper put on one of the best minstrel shows ever staged hereabouts during the Thanksgiving week. Announcement that the Moline lodge, No. 556, B. P. O. E., would again present one of their popular minstrel entertainments was made this morning by Oscar Wickstrom, secretary. The event will be on for three nights in the Moline theatre.

Harry Miller of the Draper firm was present at the Elks' committee meeting last evening and promised something original in the line of entertainment for the people of Moline. The show that will be put on differs from most minstrel performances, inasmuch as there is a plot.

The Moline Elks will be called upon to make an expenditure of nearly \$1,000 as result of bringing Miller and Draper to that city. Last year it was necessary to turn people away from the minstrel performance when it was staged twice and for that reason the plan of putting it on three successive evenings has been resorted to.

Twelve Moline young women will participate. Local talent will be utilized almost exclusively. Little difficulty is anticipated in getting together a star company as there is an abundance of excellent dramatic material in the city.

Faulkner as Speaker.

According to announcement made today John J. Faulkner of St. Louis lodge, No. 449, B. P. O. E., will deliver the address at the Elks' memorial services to be held in Moline the first Sunday in December.

The Elks hold annual memorial services, the date of observance being the same all over the country.

Mr. Faulkner is well known to many members of the Moline Elks, who have met him at conventions and other Elks gatherings where he is always a familiar figure. His reputation as a speaker is high.

VIDZY FALLS AS INVADERS POUND SLAVS

(Continued from Page One)

from Bucharest recently reported a majority of Bulgarian statesmen as favoring a rapprochement with the quadruple entente, Serbia and Greece.

Paris, Sept. 17.—A further large number of troops is reported by the Balkan agency to have been called to the Greek colors. The Athens correspondent of this agency says a royal decree has been issued calling out reservists of the classes of 1886, 1887 and 1888 on Oct. 1.

Allies Lose in Diplomatic Contest.

Bucharest, Rumania, Thursday, Sept. 16, (via Berlin and London, Sept. 17.)

"The allies know that in no case may they count on Bulgaria's help on the Gallipoli peninsula," says the semi-official Independent Romaine, in an article dealing with the Russo-Bulgarian agreement. "They have lost that part of their diplomatic contest in the Balkans. It remains to be seen how the other part will come out."

King Ferdinand will leave tomorrow for a week's vacation on the Danube. This fact completely disposes of reports concerning the activities of Rumanian troops on the front.

tier, which in reality are nothing more than the annual maneuvers."

German Makes Promises.

Turin, Sept. 17, (via Paris, 5:15 a. m.)—The Stampa says it has learned "from a diplomatic source" that Germany has made extensive promises to Bulgaria to obtain that nation's benevolent neutrality. Among them, it says, was the stipulation that King Ferdinand should have the crown of Byzantium.

This dispatch, which lacks authoritative confirmation, would indicate on its face a promise to Bulgaria of a radical extension of its boundaries. The ancient Byzantine empire included all the territory now held by the various Balkan nations and European Turkey.

Say Relations Improving.

Athens, Thursday, Sept. 16, (via Berlin and London, Sept. 17.)—There are indications that the relations between Greece and Bulgaria are improving. In the influential circles the conviction is said now to have been reached that neutrality must be the only policy for Greece.

The utterances of Premier Radoslavoff of Bulgaria expressing the hope for more cordial relations with Greece have made a deep impression, as has the declaration that the future of the Balkans depends on an understanding between these two nations.

Serbia Does Full Duty.

Paris, Sept. 17.—"Serbia has done her full duty as an ally," said Premier Pachitch, as quoted by the correspondent at Nish of the Petit Parisien. "First she has soundly beaten the Austrians in the field. Second, she has made the concessions asked of her by her great allies in order to bring Bulgaria into the Balkan entente."

Whether Bulgaria will come into the entente is another question.

The Balkan states are deeply concerned over the reported concentration of the enemy north of Serbia for the purpose of assistance in the Turks. As a matter of fact, no army of the enemy has assembled on the Danube. We have continuous and detailed reports from French aviators on this point.

"Moreover," the premier added, in a tone of deep conviction, "the Serbian army has been reorganized and is well supplied with munitions. It would render most difficult for the enemy a crossing of the mountainous country. He would require at least 400,000 to make the attempt. Where would the Germans find them now?"

SCHOOL TO HELP EQUIP CITY PARK

Athletic Association of Moline High School is Willing to Spend \$1,000 on Browning.

R. A. Jones, president of the Moline High School Alumni association, has appointed Beder Wood and Dr. Perry Wessel as alumni advisors members of the athletic board of control. This is in accordance with the amendment to the constitution voted upon at the annual association election Wednesday. Karl L. Adams and Miss Fannie Fritkin have been elected by the school faculty to represent that body, so that the personnel of the board is now complete.

Proposition submitted to the board by the city of Moline relative to the high school part in equipping Browning field was the principal matter of discussion at the first meeting of two board yesterday afternoon. Sense of the meeting was that there will be no objection to the high school doing part of the work of equipping the field, even going to the extent of expending \$1,000. It was felt, however, that the school, if it does this, should have some assurance of holding a reasonable claim on the ground for future games.

AUGUSTANA OPENS BASEBALL SEASON

Fall work in baseball will be opened tomorrow night at Augustana when the college nine will meet the Modern Woodmen head office team. The college men have been working for the last week on the diamond and as the M. W. A. have been playing together all summer, a good game probably will be on the card. Augie is represented by nearly all of her old men and Coach Conrad is predicting a big season for his proteges.

A new departure in selling Hart, Schaffner & Marx Clothes

Your one desire in buying anything is to get value for the money. Our one desire in selling clothes is to give value. It's the one point where our interests come nearest to being common and really mutual.

We have to make a profit on our goods; when the goods are right in quality, the value you get, the value we give is in some degree dependent on our margin of profit.

HART, SCHAFFNER & MARX

Clothes are so good in quality, the fabrics so excellent, the tailoring so thorough, the style so carefully designed that most merchants feel that these clothes, bought at the lowest possible price, can't be sold under \$18 or \$20.

But we've decided that a better price can be made on some of these goods by cutting down some of our own margin of profit. Hereafter we shall have some of

HART, SCHAFFNER & MARX SUITS at \$16.50

The kind of suits most retail clothiers ask \$18 and \$20 for. That means at least 25% more value to you than you can get in any other clothes made. If value is what you want, here's value unprecedented; a new departure in clothes selling that proves our real purpose to give value to our customers.

Simon and Landauer 2nd Harrison St. Davenport, Iowa.
